Professional Services for Consulting and Quality Control  
(Storm Water Systems in Puerto Rico)  
RFP No.: HMGP-4339-0005-RFP 02  
March 11, 2019**

## **Answers to Questions Received by deadline March 08, 2019**

<b>Potential Proponent</b>	<b>Question No.</b>	<b>Question (as submitted)</b>	<b>Received on</b>	<b>Answer</b>
A	1	1.A: If the Consultant is required to participate during the implementation of the updated regulation, does it include the training stage and beyond?	03/8/2019	No, the training stage and beyond is not included
A	2	2.A: Does Quality Control (QC) imply that the Consultant take responsibility of the product's quality? Shouldn't QA/QC be intrinsic of the Company elaborating such a product?	03/8/2019	The Consultant will provide to the PRPB his expertise in the topics explained in the RFP 02 to make sure the PRPB resulting product is a quality product and attends all requested in the RFP 01

Potential Proponent	Question No.	Question (as submitted)	Received on	Answer
A	3	4.A: Will the proposal be submitted only in PDF format? Are no hard copy or copies required?	03/8/2019	Only pdf
A	4	4.B: The proposal submission deadline date as shown of the Table 1 is not consistent with 4.A and 6.C. Please confirm it is March 15, 2019.	3/8/2019	The deadline is March 15, 2019. The selection will be on March 22, 2019 unless otherwise specified
A	5	7.C: Please clarify the Price Proposal Item in Table 2. The "Price Proposal table" provided in the Appendix has two columns: Item, and Hourly Rate. It does not provide for computing a total amount for the proposal. Can this table be expanded to five columns: Such as: Item, Resource, Hours, Hourly Rate and Total?	3/8/2019	Yes
A	6	Related to the above. Will the items (tasks) be: advise, review and quality control? If not, can we have a list of specific items the PB expects?	3/8/2019	Refer to section 2A of the RFP: This RFP is issued by the PRPB. The purpose of this RFP is to solicit proposals from interested and qualified consultant or consulting companies to provide professional engineering advice to the PRPB throughout the regulation development process and review and do the quality control to the documents that will be developed.
A	7	9.B: Items 2) to 6): Can these items be covered with a signed self-certification statement? If not, what	3/8/2019	Yes for Items 2) to 6)

Potential Proponent	Question No.	Question (as submitted)	Received on	Answer
		are the specific documents expected in each item?		
A	8	Our company bid for the previous RFP as subcontractors of another firm; we have not been selected. Does this result in a conflict of interest if we participate in this bid?.	3/8/2019	No
A	9	In the event that some items in the scope of work may require expertize beyond that available in Puerto Rico, would it be acceptable to include an expert from the U.S. mainland?	3/8/2019	Section 9D about subcontractors states that No subcontractors are allowed under this RFP. If no subcontract is involved, yes
A	10	Will the consultant be required to work in an office other than his, such as: the Planning Board office or the office of the Company elaborating the Manual?	3/8/2019	No but meetings must be attended in person at the PRPB facilities and via conference call as indicated in the RFP.
