Government of Puerto Rico
Planning Board

Abril - April 2019

PREFACIO

La Ley 75 de 24 de junio de 1975, según enmendada, ordena a la Junta de Planificación a preparar un **Informe Económico al Gobernador y a la Asamblea Legislativa de Puerto Rico**. Este documento constituye una herramienta valiosa en la toma de decisiones sobre política pública y provee gran utilidad para los interesados en el desarrollo económico de Puerto Rico.

La Junta de Planificación de Puerto Rico publica anualmente el **Apéndice Estadístico del Informe Económico al Gobernador y a la Asamblea Legislativa** como un adelanto de la información estadística disponible que estará contenida más adelante en el **Informe Económico al Gobernador**. Este **Apéndice Estadístico** contiene las cifras socioeconómicas de Puerto Rico relevantes para el periodo 2009 al 2018.

Esta publicación está dividida en dos secciones. La primera incluye 35 gráficas junto con las 34 tablas de información desde los años fiscales 2009 a 2018. En la segunda sección, se incluyen las 26 tasas que presentan las tasas de crecimiento. Las tablas 23, 24, y 25 fueron revisadas por el **Negociado del Censo de Estados Unidos** para el año 2016. Estas tablas contienen información de exportaciones e importaciones de mercancía registrada de acuerdo al Sistema de Clasificación Industrial de América del Norte. Las tablas 31, 32, 33 y 34 fueron revisadas por el **Departamento del Trabajo de Estados Unidos** y el **Negociado del Censo de Estados Unidos**, e incluyeron las actualizaciones incorporadas por estas agencias. Estas tablas contienen información de empleo, desempleo y población revisadas para el periodo 2014 a 2018.

En nuestro continuo esfuerzo por modernizar el nivel de nuestras estadísticas de acuerdo a los modelos vigentes, hemos iniciado el proceso de transición hacia el Sistema de Cuentas Nacionales del 2008 (SNC 2008), comenzando con la información para el resto del mundo. Por ende, presentamos la tabla de Balanza de Pagos en el formato estándar y cónsono con el SCN 2008. Esto incluye la publicación, por primera vez desde la década de los ochenta, de los estimados de inversión directa.

Agradecemos a las entidades públicas y privadas que proveyeron los datos utilizados para preparar este Apéndice Estadístico y exhortamos a los usuarios a incorporar en su respectivo análisis económico y social de la Isla el **Informe Económico al Gobernador 2018**.

PREFACE

Public Law 75 of 24 of June of 1975 as amended compels the Puerto Rico Planning Board to publish an **Economic Report to the Governor and the Legislative Assembly**. This document is an important decision - making tool for public policy and is an instrument of interest for the economic development of Puerto Rico.

Each year, the Puerto Rico Planning Board publishes the **Statistical Appendix of the Economic Report to the Governor and the Legislative Assembly** as an advance of the statistical information that will be available in the Economic Report to the Governor. This **Statistical Appendix** contains Puerto Rico's most important socioeconomic figures for the 2009-2018 period.

This publication has two sections. The first section includes 35 graphs and 36 tables of information from fiscal years 2009 through 2018. In the second section, we include 26 growth rate tables. The **US Census Bureau** revised tables 23, 24, and 25 for the year 2016. These tables contain information of exports and imports of goods according to the North American Industrial Classification System. Tables 31, 32, 33 and 34 were revised by the **US Department of Labor** and the **US Census Bureau**, and include the updates incorporated by these agencies. These tables contain information on employment, unemployment and population estimates for the 2014 to 2018 period.

In our continuous effort to modernize the level of our statistics according to the current models, we have begun the process of transition to the System of National Accounts of 2008 (SNA 2008), beginning with the information for the rest of the world. Thus, we present the Balance of Payments table in the standard format and in harmony with the SNA 2008. This includes the publication, for the first time since the 1980s, of direct investment estimates.

We acknowledge those public agencies and private organizations, which provided the information, used in this report. We urge users to incorporate into their respective economic and social analysis the valuable insight provided by the **Economic Report to the Governor 2018**.

r- Cifras revisadas.
p- Cifras preliminares.

(1) Deflacionado por el índice implícito de precios para deflacionar los gastos de consumo personal.
(2) El número de hogares aquí utilizado es producto de la división de la población total entre el promedio de personas por hogar. Para propósitos del censo de población, un hogar incluye todas las personas que ocupan una unidad de vivienda (como una casa o apartamento) como su lugar habitual de residencia.
(3) Departamento del Trabajo y Recursos Humanos, Negociado de Estadísticas, Encuesta de Vivienda.
(4) Se obtiene dividiendo el producto interno bruto a precios constantes entre el empleo total.
(5) Dic. 2006=100.
(6) Promedio de los estimados de la población al principio y al final del año fiscal. Datos intercensales a julio 2018 (Negociado del Censo de E.U., División de Población, Population Estimates, Vintage 2018), cifras revisadas desde el 2010 en adelante.

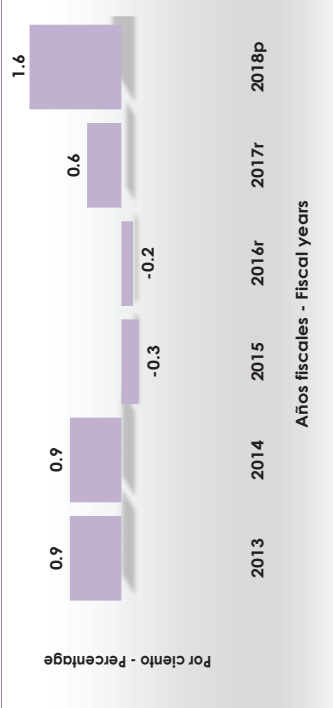

r- Revised figures.
p- Preliminary figures.

(1) Deflated by implicit price deflators for personal consumption expenditures.
(2) The number of households used here represents the division of the total population by the average number of persons per household. For the purpose of the population census, a household includes all the people who occupy a housing unit (such as a house or apartment) as their usual place of residence.
(3) Department of Labor and Human Resources, Bureau of Statistics, Household Survey.
(4) Obtained from the division of gross domestic product at constant prices by total employment.
(5) Dec. 2006=100.
(6) Average of population estimates at the beginning and end of the fiscal year. Intercensal data released July 2018 (U.S. Bureau of the Census, Population Division, Population Estimates, Vintage 2018), revised figures for 2010 forward.

r- Cifras revisadas.

p- Cifras preliminares.

(1) Desde 1983 se incluyen los préstamos en compañías de fiduciancias con poderes de banco. Para los años desde el 1997 al 1999 los datos reflejan cambios debido a disminuciones en los balances acumulados y a reclasificaciones de préstamos personales a préstamos hipotecarios.

(2) Desde 1995 se incluyen sólo los bancos federales de ahorro. Estos pasaron a ser bancos comerciales en 1999.

(3) No incluye todas las tarjetas de crédito.

r- Revised figures.

p- Preliminary figures.

(1) Since 1983 the loans in trust companies with banking powers have been included. For years 1997 to 1999, there are changes in these figures due to lower accrued balances and changes in classification of personal loans to mortgage loans.

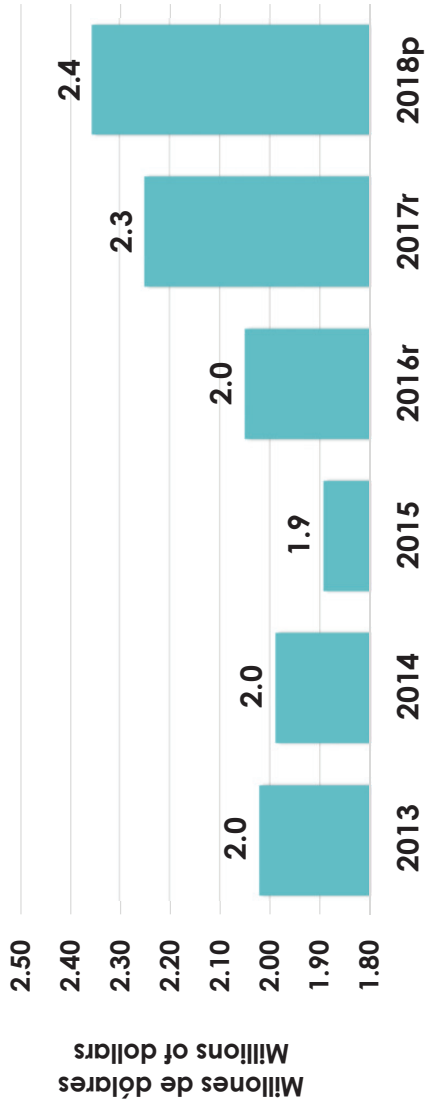

(2) Since 1995 only two federal saving banks are included. They became commercial banks in 1999.

(3) Does not include all credit cards.

r- Cifras revisadas.

p- Cifras preliminares.

a/ Hasta el 2006 se incluyó en otras agencias.

b/ Menos de \$50,000.

(1) Se considera parte del Gobierno central para efecto de las cuentas nacionales.

(2) Creado en el 2001 mediante la fusión entre la Compañía de Fomento Recreativo y el Fideicomiso de Parques Nacionales.

(3) Incluye aportaciones adicionales no especificadas o incluidas en las respectivas Agencias.

r- Revised figures.

p- Preliminary figures.

a/ Up to 2006, it was included in other agencies.

b/ Less than \$50,000.

(1) Considered as part of the Central government for national accounts purposes.

(2) Created in 2001 by the merger between the Recreation Development Company and the National Parks Trust.

(3) Includes additional grants not elsewhere specified or included in the respective Agencies.

TASAS de CRECIMIENTO

GROWTH RATES

INTERPRETACIÓN DE LOS CUADROS DE TASAS DE CRECIMIENTO ANUAL

Esta sección del Apéndice Estadístico del Informe Económico al Gobernador y a la Asamblea Legislativa 2018 incluye cuadros con las tasas de crecimiento para los años fiscales 1993 al 2018 correspondientes a las siguientes variables económicas:

1. Producto bruto	15. Ingreso personal
2. Producto bruto per cápita	16. Ingreso personal per cápita
3. Gastos de consumo personal	17. Ingreso personal disponible
4. Gastos de consumo personal per cápita	18. Ingreso personal disponible per cápita
5. Gastos de consumo personal de bienes duraderos	19. Ingreso neto
6. Gastos de consumo personal de bienes no duraderos	20. Ingreso neto per cápita
7. Gastos de consumo personal de servicios	21. Índices implícitos de precios para deflacionar el producto bruto
8. Gastos de consumo del gobierno	22. Índice implícito de precios para deflacionar los gastos de consumo personal
9. Inversión interna bruta de capital fijo	23. Empleo
10. Inversión en construcción	24. Desempleo
11. Inversión en construcción de vivienda privada	25. Población
12. Inversión en maquinaria y equipo	26. Deuda pública bruta de Puerto Rico
13. Producto interno bruto	
14. Producto interno bruto per cápita	

Los cuadros para estas variables se presentan a precios corrientes y constantes, según se interese. Cada uno de éstos contiene las tasas de crecimiento anual que relacionan dos años. Los cuadros están divididos por una línea diagonal. Las tasas de crecimiento a precios corrientes se presentan en la parte inferior de la línea y las tasas de crecimiento a precios constantes en la parte superior. El cuadro se lee igual que el sistema de coordenadas cartesianas. Tanto en el eje de las abscisas (eje horizontal) como en el de las ordenadas (eje vertical) aparecen los años. En el punto o celda de intersección de dos años dados aparece la tasa de crecimiento para el periodo.

- Si se interesa obtener la tasa de crecimiento de una variable a precios corrientes entre dos años dados, se busca primeramente en el eje vertical el año más reciente de los dos años que desea comparar, luego busca en el eje horizontal (en el tope del cuadro) el año a comprar y encuentre el dato de intersección de ambos años. El valor que aparece en la celda de intersección es la tasa de crecimiento monetario durante el periodo.
- Si se interesa obtener la tasa de crecimiento a precios constantes del mismo periodo, se busca primeramente en el eje horizontal (en el tope del cuadro) el año más reciente, luego busca en el eje vertical el año a comprar y encuentre el dato de intersección de ambos años. El valor que aparece en la celda de intersección es la tasa de crecimiento real durante el periodo.
- Un ejemplo de este ejercicio, sería: la tasa de crecimiento anual del producto bruto a precios corrientes en el periodo de 1993 al 1997 fue de 6.5 por ciento. En cambio, la tasa de crecimiento a precios constantes de esa variable en el mismo periodo fue de 3.2 por ciento.

La ventaja de este ordenamiento es que permite comparar directamente, entre dos años dados, la tasa de crecimiento monetario con la tasa de crecimiento real de una determinada variable macroeconómica.

INTERPRETATION OF THE ANNUAL GROWTH RATES TABLES

This section of the Statistical Appendix of the Economic Report to the Governor and to the Legislative Assembly 2018 includes tables for growth rates of fiscal years 1993 through 2018, corresponding to the following economic variables:

- | | |
|--|--|
| 1. Gross Product | 14. Per Capita Gross Domestic Product |
| 2. Per Capita Gross Product | 15. Personal Income |
| 3. Personal Consumption Expenditures | 16. Personal Per Capita Income |
| 4. Per Capita Personal Consumption Expenditures | 17. Disposable Personal Income |
| 5. Durable Goods Personal Consumption Expenditures | 18. Per Capita Disposable Personal Income |
| 6. Non-Durable Goods Personal Consumption Expenditures | 19. Net Income |
| 7. Personal Consumption Expenditures of Services | 20. Per Capita Net Income |
| 8. Government Consumption Expenditures | 21. Implicit Price Deflators for Gross Product |
| 9. Gross Fixed Domestic Investment | 22. Implicit Price Deflators for Personal Consumption Expenditures |
| 10. Construction Investment | 23. Employment |
| 11. Private Housing Construction Investment | 24. Unemployment |
| 12. Machinery and Equipment Investment | 25. Population |
| 13. Gross Domestic Product | 26. Gross Public Debt of Puerto Rico |

The tables presented for these variables show current and constant prices. Each one of these contain annual growth rates and allow relating two years. A diagonal line divides the tables, growth rates at current prices are below the line and the growth rates at constant prices are over the line. To read the table do so as in a Cartesian plane, where the years appear at both the abscissas axis (horizontal axis) as well as that of the ordinates axis (vertical axis). At the intersection point or cell for two given years, the growth rate for such period appears.

- If you are interested in obtaining a variable's growth rate at current prices between two given years, first look at the vertical axis for the most recent year of the two years to be compared, next, find the other year in the horizontal axis (at the top of the table) and look for the point of intersection between such years. The value appearing at the intersection cell is the nominal growth rate during such period.*
- If you are interested in obtaining the constant growth rate for the same variable, first look at the horizontal axis (at the top of the table) for the most recent year, of the two years to be compared, next, find the other year at the vertical axis, and look for the point of intersection between such years. The value appearing at the intersection cell is the real growth rate during such period.*
- For example, the gross product's annual growth rate at current prices for the period of 1993 through 1997 was 6.5 percent. On the other hand, the growth rate at constant prices for such variable during the same period was 3.2 percent.*

The advantage of this layout is that it permits a direct comparison, between two years, of the nominal growth rate with the real growth rate of a determined macroeconomic variable.
