PREFACIO

De acuerdo con la Ley 75 de 1975, enmendada, también conocida como la Ley Orgánica de la Junta de Planificación, y en particular el Artículo 11, inciso 12 (23 L.P.R.A § 62j), la Junta de Planificación de Puerto Rico (JP) tiene la obligación de presentar cada año un Informe Económico a la Gobernadora y a la Asamblea Legislativa. Este informe incluye un Apéndice Estadístico (apéndice) que es esencial, ya que contiene tablas, gráficas y tasas de crecimiento que ofrecen datos clave sobre los componentes de las cuentas sociales de la economía puertorriqueña. Esta información es fundamental para el análisis económico necesario en la elaboración del informe.

Dado el papel fundamental del apéndice como la recopilación de datos más importante para entender la situación económica de Puerto Rico, se presenta formalmente el ***Apéndice Estadístico del Informe Económico a la Gobernadora y a la Asamblea Legislativa 2024***, que incluye tablas con precios reales utilizando el año base 2017. Este apéndice recoge cifras socioeconómicas relevantes para el período comprendido entre 2015 y 2024.

La publicación está organizada en dos partes. La primera sección contiene 34 gráficos acompañados de sus respectivas tablas, que abarcan datos desde el año fiscal 2015 hasta 2024. La segunda sección presenta 26 tablas con tasas de crecimiento, detallando información sobre exportaciones e importaciones de mercancías, clasificadas según el Sistema de Clasificación Industrial de América del Norte. La tabla 31 incluye datos actualizados de población revisados por la Oficina del Censo de Estados Unidos hasta diciembre de 2024. Por último, las tablas 32, 33 y 34 ofrecen información sobre empleo y desempleo durante el período 2015–2024.

Expresamos nuestro agradecimiento a las instituciones públicas y privadas que facilitaron la información utilizada para la elaboración de este Apéndice Estadístico. Además, instamos a los usuarios a integrar el Informe Económico 2024, presentado a la Gobernadora y a la Asamblea Legislativa, en sus análisis económicos y sociales sobre Puerto Rico.

PREFACE

Pursuant to Law 75 of 1975, as amended, commonly referred to as the Organic Law of the Planning Board, and specifically under Article 11, Section 12 (23 L.P.R.A § 62j), the Puerto Rico Planning Board (JP) is mandated to submit an annual *Economic Report to the Governor and the Legislative Assembly*. This report incorporates a **Statistical Appendix**, which serves as an essential component by providing tables, graphs, and growth rates that detail critical data on the elements constituting the social accounts of Puerto Rico's economy. Such information is indispensable for the comprehensive economic analysis required in the preparation of the report.

Recognizing the pivotal role of the Statistical Appendix as the primary repository of data for assessing Puerto Rico's economic conditions, the *Statistical Appendix of the 2024 Economic Report* is hereby formally submitted. This appendix includes tables expressed in real prices, utilizing 2017 as the base year, and compiles pertinent socioeconomic statistics spanning the period from 2015 to 2024.

The publication is structured in two distinct sections. The first section comprises 34 graphs, each accompanied by corresponding tables, presenting data for the fiscal years 2015 through 2024. The second section encompasses 26 tables detailing growth rates, including information on merchandise exports and imports categorized in accordance with the North American Industry Classification System. Additionally, Table 31 provides updated population figures, revised by the U.S. Census Bureau as of December 2024. Finally, Tables 32, 33, and 34 furnish data on employment and unemployment trends over the 2015–2024 period.

We extend our appreciation to the public and private institutions that contributed the data utilized in the preparation of this Statistical Appendix. Moreover, we encourage users to integrate the 2024 Economic Report to the Governor and the Legislative Assembly into their economic and social analyses of Puerto Rico.

r - Cifras revisadas.

p - Cifras preliminares.

- (1) Deflacionado por el índice implícito de precios para deflacionar los gastos de consumo personal.
- (2) El número de hogares aquí utilizado es producto de la división de la población total entre el promedio de personas por hogar. Para propósitos del censo de población, un hogar incluye todas las personas que ocupan una unidad de vivienda (como una casa o apartamento) como su lugar habitual de residencia.
- (3) Departamento del Trabajo y Recursos Humanos, Negociado de Estadísticas, Encuesta de Vivienda.
- (4) Se obtiene dividiendo el producto interno bruto a precios constantes entre el empleo total.
- (5) Dic. 2006=100.
- (6) Negociado del Censo de E.E.U.U., División de Población.
Población, cambio de población y componentes estimados del cambio de población de la Población Residente para los Estados Unidos, Regiones, Estados y Puerto Rico: 1 de abril de 2020 a 1 de julio de 2024 (NST-EST2023-ALLDATA).
Datos obtenidos de <https://www.census.gov>.
Publicación de datos en diciembre de 2024.

Fuente: Junta de Planificación, Programa de Planificación Económica y Social, Subprograma de Análisis Económico.

r - Revised figures.

p - Preliminary figures.

- (1) Deflated by implicit price deflators for personal consumption expenditures.
- (2) The number of households used here represents the division of the total population by the average number of persons per household. For the purpose of the population census, a household includes all the people who occupy a housing unit (such as a house or apartment) as their usual place of residence.
- (3) Department of Labor and Human Resources, Bureau of Statistics, Household Survey.
- (4) Obtained from the division of gross domestic product at constant prices by total employment.
- (5) Dec. 2006=100.
- (6) U.S. Bureau of the Census, Population Division.
Population, Population Change, and Estimated Components of Population Change of the Resident population for the United States, Regions, States, and Puerto Rico: April 1, 2020 to July 1, 2024 (NST-EST2023-ALLDATA).

Tasas de Crecimiento

Growth Rates

INTERPRETACIÓN DE LOS CUADROS DE TASAS
DE CRECIMIENTO ANUAL

Esta sección del Apéndice Estadístico del Informe Económico a la Gobernadora y a la Asamblea Legislativa 2024 incluye cuadros con las tasas de crecimiento para los años fiscales 2015 al 2024 correspondientes a las siguientes variables económicas:

- | | |
|--|---|
| 1. Producto bruto | 14. Producto interno bruto per cápita |
| 2. Producto bruto per cápita | 15. Ingreso personal |
| 3. Gastos de consumo personal | 16. Ingreso personal per cápita |
| 4. Gastos de consumo personal per cápita | 17. Ingreso personal disponible |
| 5. Gastos de consumo personal de bienes duraderos | 18. Ingreso personal disponible per cápita |
| 6. Gastos de consumo personal de bienes no duraderos | 19. Ingreso neto |
| 7. Gastos de consumo personal de servicios | 20. Ingreso neto per cápita |
| 8. Gastos de consumo del gobierno | 21. Índices implícitos de precios para deflacionar el producto bruto |
| 9. Inversión interna bruta de capital fijo | 22. Índice implícito de precios para deflacionar los gastos de consumo personal |
| 10. Inversión en construcción | 23. Empleo |
| 11. Inversión en construcción de vivienda privada | 24. Desempleo |
| 12. Inversión en maquinaria y equipo | 25. Población |
| 13. Producto interno bruto | 26. Deuda pública bruta de Puerto Rico |

Los cuadros para estas variables se presentan a precios corrientes y constantes. Cada uno de éstos contiene las tasas de crecimiento anual que relacionan dos años. Los cuadros están divididos por una línea diagonal. Las tasas de crecimiento a precios corrientes se presentan en la parte inferior de la línea y las tasas de crecimiento a precios constantes en la parte superior. El cuadro se lee igual que el sistema de coordenadas cartesianas. Tanto en el eje de las abscisas (eje horizontal) como en el de las ordenadas (eje vertical) aparecen los años. En el punto o celda de intersección de dos años dados aparece la tasa de crecimiento para el periodo.

- Si se interesa obtener la tasa de crecimiento de una variable a precios corrientes entre dos años dados, se busca primeramente en el eje vertical el año más reciente de los dos años que desea comparar, luego busca en el eje horizontal (en el tope del cuadro) el año a comprar y encuentre el dato de intersección de ambos años. El valor que aparece en la celda de intersección es la tasa de crecimiento monetario durante el periodo.
- Si se interesa obtener la tasa de crecimiento a precios constantes del mismo periodo, se busca primeramente en el eje horizontal (en el tope del cuadro) el año más reciente, luego busca en el eje vertical el año a comprar y encuentre el dato de intersección de

ambos años. El valor que aparece en la celda de intersección es la tasa de crecimiento real durante el periodo.

La ventaja de este ordenamiento es que permite comparar directamente, entre dos años dados, la tasa de crecimiento monetario con la tasa de crecimiento real de una determinada variable macroeconómica.

INTERPRETATION OF THE ANNUAL GROWTH RATES TABLES

This section of the Statistical Appendix of the Economic Report to the Governor and to the Legislative Assembly y 2024 includes tables for growth rates of fiscal years 2015 through 2024, corresponding to the following economic variables:

- | | |
|--|--|
| 1. Gross Product | 13. Gross Domestic Product |
| 2. Per Capita Gross Product | 14. Per Capita Gross Domestic Product |
| 3. Personal Consumption Expenditures | 15. Personal Income |
| 4. Per Capita Personal Consumption Expenditures | 16. Personal Per Capita Income |
| 5. Durable Goods Personal Consumption Expenditures | 17. Disposable Personal Income |
| 6. Non-Durable Goods Personal Consumption Expenditures | 18. Per Capita Disposable Personal Income |
| 7. Personal Consumption Expenditures of Services | 19. Net Income |
| 8. Government Consumption Expenditures | 20. Per Capita Net Income |
| 9. Gross Fixed Domestic Investment | 21. Implicit Price Deflators for Gross Product |
| 10. Construction Investment | 22. Implicit Price Deflators for Personal Consumption Expenditures |
| 11. Private Housing Construction Investment | 23. Employment |
| 12. Machinery and Equipment Investment | 24. Unemployment |
| | 25. Population |
| | 26. Gross Public Debt of Puerto Rico |

The tables presented for these variables show current and constant prices. Each one of these contains annual growth rates and allows relating two years. A diagonal line divides the tables, growth rates at current prices are below the line and the growth rates at constant prices are over the line. To read the table does so as in a Cartesian plane, where the years appear at both the abscissas axis (horizontal axis) as well as that of the ordinate's axis (vertical axis). At the intersection point or cell for two given years, the growth rate for such period appears.

- If you are interested in obtaining a variable's growth rate at current prices between two given years, first look at the vertical axis for the most recent year of the two years to be compared, next, find the other year in the horizontal axis (at the top of the table) and look for the point of intersection between such years. The value appearing at the intersection cell is the nominal growth rate during such period.
- If you are interested in obtaining the constant growth rate for the same variable, first look at the horizontal axis (at the top of the table) for the most recent year, of the two years to be compared, next, find the other year at the vertical axis, and look for the point of intersection between such years. The value appearing at the intersection cell is the real growth rate during such period.

The advantage of this layout is that it permits a direct comparison, between two years of the nominal growth rate with the real growth rate of a determined macroeconomic variable.
